

IMI Level 3 Award in Automotive Refrigerant Handling (EC842-2006) (VRQ)

Who is it suitable for?

This Defra-approved qualification offers a single unit solution that provides experienced automotive Mobile Air Conditioning (MAC) technicians with evidence that they meet the minimum F-gas requirement (EC842/2006 and annex EC307/2008).

About

All Mobile Air Conditioning (MAC) technicians working with cars and car derived vans, must have achieved as a minimum requirement, a refrigerant handling qualification which fulfils the European Union F-gas Regulation (EC842/2006 and Annex to Regulation EC307/2008).

Progression

Successful candidates will be issued with a certificate which shows they are compliant.

Assessment

The assessment ensures rigour and quality of assessment by measuring the candidate's underpinning knowledge, including F Gas regulations. Learners must demonstrate the learning outcomes by following and achieving two assessment components which are set by IMI:

- Practical assessment
- External online test
